

In order to simplify access to Research Foundation functions, implementation of single sign-on will start with the **Pre Award and Compliance System (PACS)**. No longer will it be necessary to remember a different user name and password. Beginning **May 7**, faculty and staff will log in to PACS with their Buffalo State user name and password.

Other systems, including e-Cert, RF Dashboards, e-Time Reporting, will follow soon after. Information will be posted here as it becomes available.
